Introduction

The Japan Seamen's Medical Affairs Corporation (JSMAC) is a legal corporation under the Minister of Land, Infrastructure and Transport. It commenced as a corporate juridical person in August of 1981. The JSMAC is essentially constituted by 22 member Japanese shipping companies in overseas services.

The main function of this Corporation is to enable Japanese and foreign seamen of JSMAC member who are aboard ocean-going vessels to work together in good health. Its main service is the devising of adequate systems for medical care and health administration.

As a part of this function, in order that seamen who are sick or injured may be able to receive trouble-free medical attention in the principal ports of foreign countries, we are promoting the drawing up of memorandums concerning medical treatment, with the specific medical service organizations (including dental services) which may be relied upon in these ports.

Moreover, along with the above, in order that Japanese seamen who are unfamiliar with local conditions may come to a mutual understanding with the medical organizations at the time of their hospitalization or upon receiving treatment a person is being appointed as intermediary who is able to act as an interpreter for the Japanese language.

This intermediary is a resident representative who belongs to the shipping companies of JSMAC member. In the case in which there is no such a resident representative, JSMAC will appoint a Japanese who resides in that locality or a local person who speaks Japanese is requested to cooperate in a voluntary spirit as an intermediary.

This booklet was compiled from 1981 to the end of May of this year, for the above described purpose. A detailed table and utilization summary has been compiled containing medical organizations and intermediaries which have been arranged for.

Thus, we hope that the booklet will serve the seamen aboard member ships, medical organizations, intermediaries, local agent staffs and other parties concerned with the detailed information contained therein.

本事業団は、会員船社所属の外航船に乗り組む日本人船員と外国人船員が共に健康で働くことができるよう、医療体制の整備と健康管理体制の充実を図ることを主要な業務としております。

その一環として、外国の主要港において、傷病船員が、より円滑に診療が受けられるよう、これらの港の信頼できる特定の医療機関（歯科を含む）と船員の医療に関する覚書の締結を進めております。

また、上記に伴ない現地事情に不案内な日本人船員が、入院又は診察の際、医療機関側との意思疎通のため、日本語の通訳ができる方を世話役として委嘱することにしております。この世話役は会員船社の駐在員がいる港については、その駐在員に依頼することとし、いない場合は現地に在住する日本人、又は日本語を話せる現地の方に、ボランティア精神でお願いすることにしております。
